

## **COURT CATTERY BOOKING REGULATIONS AND CONDITIONS**

Please note that the FELINE ADVISORY BUREAU rules and regulations state that before we can accept any cat for boarding we MUST SEE A CURRENT VACCINATION RECORD, therefore please ensure that you bring the record with you.

We also require that your cat be treated against worms and fleas. This can be carried out at the Cattery during their stay if requested, the cost of this will be added to your account. (Should any live fleas be found on your cat on arrival we shall automatically administer flea treatment)

### **PLEASE ALSO COMPLETE AND RETURN THE ATTACHED VETERINARY AUTHORISATION FORM.**

Should any of the information you supply on the booking forms change prior to the arrival date please inform us, diet and medical information being especially important.

As we may not hold in stock the food your cat requires, we need at least 7 days notice to make special food orders.

Should your cat become ill within 10 days prior to the arrival date please telephone us as soon as possible with details of the condition and any medication requirements.

Should you wish that anyone other than yourself collect your cat at the end of their stay you must sign an authorisation form to this effect. Please ask for the form required at the time of admission.

All cats must arrive in a carry cage, if you wish to leave their cage at the cattery please attach a name label to the cage.
